15. (New) The information recording medium according to claim  
14, wherein the phenylnaphthalene liquid crystal is 2-(4-  
octylphenyl)-6-dodecyloxynaphthalene.

16. (New) The information recording medium according to claim  
1, wherein the liquid crystal material is 2-4'-heptyloxy-4'-  
octylbiphenyl.

17. (New) The information recording medium according to claim  
1, wherein the liquid crystal material is a phenylbenzothiazole  
liquid crystal.

18. (New) The information recording medium according to claim  
17, wherein the liquid crystal material is 2-(4'-heptyloxyphenyl)-  
6-dodecylthiobenzothiazole.

19. (New) The information recording medium according to claim 1, wherein the liquid crystal material is 4-heptyloxy-4'-dodecylbiphenyl or 4-hexyloxy-4-butanoylbiphenyl.
